

Hours Worked

- Start Time: 10:00
- End Time: 14:00
- Total Hours: 4

Tasks Completed

Task 1: [Setup wiki]

- Ticket/Issue #: [86c32ma7c]
- Description: Brief description of what was accomplishe
- Implementation Details:
 - Technical details about the implementation
 - Add SQL service for deployment
 - Building image
 - Challenges encountered and solutions applied
 - Building image failed
 - Code changes made
 -
- Files Modified:
 - path/to/file1.ext
 - path/to/file2.ext
- Status: In Progress

Task 2: [Study Docker udemy]

- Ticket/Issue #: [86c32m779]
- Description: Following course and learning how about Docker
- Implementation Details:
 - Technical details about the implementation
 - following course
 - Challenges encountered and solutions applied
 - none
 - Code changes made
 -
- Files Modified:
 - path/to/file1.ext
 - path/to/file2.ext
- Status: In Progress

Code Review

- PRs Submitted:
 - PR #[number] - [Brief description]

Meetings Attended

- [Meeting name] ([00:00-00:00]) - [Subject]

Blockers/Issues

- [Building image failed in task Railway - setup wiki
-] - [Action taken or needed]

Tomorrow's Plan

- [Study Docker]
- [Finish Wiki on Railway project]
- [Attend meeting]

Notes

- Important insights or learnings
- Documentation needs identified
- Technical debt observations
- Ideas for future improvements
